**DBI ARCHITECTS, INC. AWARDED 1.4 MILLION  
SQUARE FOOT INTERIORS PROJECT**

March 14, 2008, Washington, DC -- DBI Architects, Inc., was awarded the interior architecture of Constitution Center located at 400 7th Street, SW. The building, totaling 1.4 million square feet, was developed in the late 1960s by David Nassif Associates, and is currently undergoing a total renovation, slated to be completed late next year. The new building will incorporate design elements that meet LEED Gold certification standards and will exceed ISC Level IV security standards. DBI will be responsible for space planning and design of all interiors, including common areas, as well as tenant and amenity spaces. Kramer Consulting is the project management firm overseeing the renovation for David Nassif Associates.

DBI Architects is a 35-year old, locally-based Architecture and Interior Design Firm specializing in Corporate, High-Tech and Government clients. The firm is currently ranked 6th largest Interior Design Firm in the Washington Business Journal Book of Lists.
